

Welcome to Rocketship Public Schools!

At Rocketship, you have access to many incredible programs. Scan the QR code to watch videos of each program. To learn more, connect with your school's office manager.

What Makes Rocketship Stand Out?

[Watch Videos](#)

Our Rotational Model

Unlike most elementary schools where students are in one classroom with one teacher, Rocketeers rotate between Humanities, STEM, Learning Lab and Enrichment each day. This model allows us to improve student outcomes.

Personalized Learning

We don't believe in one size fits all when it comes to learning. That's why we customize each student's education through small-group instruction, 1:1 support, online learning programs, and more. This helps students who need extra support catch up and those who are above grade level continue growing. This all starts by creating strong relationships with Rocketeers and their families.

- Every fall, educators visit students' homes to learn about their life outside the classroom
- Students have personalized growth goals mapped to their grade level
- Families get updates on student progress in weekly updates, at three parent-teacher conferences, and through our open-door policy with parents.

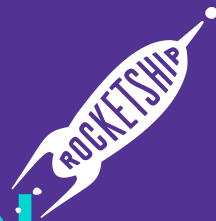

How Does Rocketship Serve Students with Special Needs?

Unlike most schools, we operate a meaningful inclusion model, so students aren't separated from their classmates. Instead, they have daily access to our general education environment.

- Students with special needs spend 50-80% of their day in general education classrooms.
- Students experience the same instructional program as their typically developing peers
- Students receive small group co-teaching and individual instruction

Bienvenido a ¡Escuelas públicas Rocketship!

En Rocketship, tienes acceso a muchos programas increíbles. Escanea el código QR para ver videos de cada programa. Para obtener más información, comuníquese con el gerente de la oficina de su escuela.

¿Qué hace que Rocketship se destaque? [Ver videos](#)

Nuestro modelo de rotación

A diferencia de la mayoría de las escuelas primarias donde los estudiantes están en un salón de clases con un maestro, los Rocketeers rotan entre Humanidades, STEM, Laboratorio de Aprendizaje y Enriquecimiento todos los días. Este modelo nos permite mejorar los resultados de los estudiantes.

Aprendizaje personalizado

Nos reunimos con cada Rocketeer donde están. Una forma de hacerlo es a través del aprendizaje personalizado. Personalizamos la educación de cada estudiante a través de instrucción en grupos pequeños, apoyo 1:1, programas de aprendizaje en línea y más. Esto ayuda a los estudiantes que necesitan apoyo adicional a ponerse al día y aquellos que están por encima del nivel de grado continúan creciendo. Todo esto comienza con la creación de relaciones sólidas con Rocketeers y sus familias.

- Cada otoño, los educadores visitan los hogares de los estudiantes para aprender sobre su vida fuera del aula.
- Los estudiantes tienen metas de crecimiento personalizadas asignadas a su nivel de grado
- Las familias reciben actualizaciones sobre el progreso de los estudiantes en actualizaciones semanales, en tres conferencias de padres y maestros ya través de nuestra política de puertas abiertas con los padres.

¿Cómo atiende Rocketship a los estudiantes con necesidades especiales?

A diferencia de la mayoría de las escuelas, operamos un modelo de inclusión significativo, por lo que los estudiantes no se separan de sus compañeros de clase. En cambio, tienen acceso diario a nuestro entorno de educación general.

- Los estudiantes con necesidades especiales pasan entre el 50 y el 80 % de su día en aulas de educación general.
- De esta manera, los estudiantes experimentan la misma instrucción
- programa como sus compañeros de desarrollo típico.
- También reciben co-enseñanza en grupos pequeños e instrucción individual para ayudar a los Rocketeers a alcanzar

What it means to be a Rocketeer!

¡Qué significa ser un Rocketeer!

- Rocketship believes that ALL students deserve to receive an excellent education.
- We work with every family to ensure that students reach their dreams.
- Each student has potential. This is the beginning of our journey together to unleash it.
- Rocketship cree que TODOS los estudiantes merecen recibir una educación excelente.
- Trabajamos con cada familia para asegurar que todos los estudiantes alcancen sus sueños.
- Cada niño tiene potencial. Este es el comienzo de nuestro camino para descubrirlo.

Welcome!

¡Bienvenido!

Vestir para el éxito

- No long nails

- No Hoodie

- No Make-up

- No crocs or sandals

- If your student is not in uniform, we will call you to bring them what they need to meet the uniform expectations

Families as Partners |

Parent Partnership Hours (PPH) are opportunities for families to engage with their child's academic journey, either in or outside of school. The goal is to help each Rocketeer foster a love of learning through the interactions they have not only at school with their teachers, but with their families, as well.

100% of RFA families are expected to volunteer for at least 20 hours each school year.

Family and Community Engagement Goals (PPH)

Community Meetings/ Events

We believe that it is essential to bring our staff, families, and Rocketeers together to build community throughout the course of the year. Community Meetings are one way that we continue to build and foster relationships, share information, and build skill amongst all stakeholders to better support our Rocketeers.

As a school, we are committed to providing families with opportunities to earn PPH through a variety of different means, which can include but are not limited to:

- Home Visits-
- Attend Orientation
- Attend Cafecito
- Attend Field trip(Chaperones)
- Attend a Parent Leadership Team meetings
- Los Dichos
- Family-teacher conferences

- And more!

Family and Community Engagement Goals

HOME VISIT

Teachers and leaders visit the home of every student we serve to learn more about their family, life, and experiences outside of school. By changing the dynamic from parent in a teacher's classroom, to teacher in a parent's house we are able to develop much deeper ties with our parents that carries through the school year and beyond.

Parent Teacher Conferences

Family Teacher Conferences occur three times per year and are another way to share key academic data with families. School is closed on these days to ensure sufficient time to meet with each family. Teachers come prepared with a completed report card, student work, and any other relevant assessment and/or classwork data to share with the parent. The goal is to help parents understand the Rocketeer's data and also to ensure they walk away with the strategies and support they need to supplement the child's education at home. 100% of families must have a Family Teacher Conference each round.

Family and Community Engagement Goals

Principal Coffee

Parent Coffees occur once a month and are a formalized venue for conversation between families and the Principal. These can be used as an opportunity to provide feedback on critical systems like arrival, dismissal, lunch, and recess, they can be used to share data and skill build with families, or they can be used for any other topics that the Principal and families deem necessary to discuss. Parent Coffees are interactive, solutions-oriented, and rely on open and honest communication amongst all stakeholders. They are regularly scheduled and families know about them at least 3-4 weeks in advance.

Los Dichos

Once a month, our Rocketship families are invited to come into the school for an hour and forty-five minutes each session to train, read a book, and do a hands-on activity. While in the classroom, families will read and lead an activity in partnership with their child's teacher.

OPERATION

FOR LATE /TARDY STUDENTS

Early drop off: beginning 7:15 AM

**7:45 AM = STUDENTS INSIDE
THE BUILDING/ CLASSROOM**

OOPS!

**YOU'RE LATE!
