

Rocketship Public Schools

School Safety Plan

Revised March 1, 2019

Statement of Purpose

Rocketship Public Schools (“Rocketship” or “RPS”) is committed to the safety and security of students, faculty, staff, and visitors on its campus. In order to support that commitment, we have led a thorough review and revision of Rocketship emergency mitigation/prevention, health, preparedness, response, and recovery procedures relevant to natural and human-caused disasters.

The Health/Safety Plan herein is the official policy of Rocketship Public Schools. It is a result of a comprehensive review and update of school policies in the context of its locations. We support its recommendations and commit the school's resources to ongoing training, exercises, and maintenance required to keep it current and tailor recommendations to new regions as Rocketship expands. This plan is a blueprint that relies on the commitment and expertise of individuals within and outside of the school community and clear communication with emergency management officials.

This handbook was written in compliance with this school’s charter and developed in cooperation with Federal and State guidelines.

This plan is to be reviewed annually.

This plan includes specific courses of action to be taken in case an emergency situation develops. Every employee of Rocketship Public Schools is expected to be familiar with this plan in order to carry out his/her responsibilities in an emergency.

The major objective of emergency preparedness is to save lives and protect property in the event of a disaster. This plan was developed with this in mind.
