

Supporting all Learners - Distance Learning

Thank you for the partnership as we launch distance learning options during our school closure! We want to provide all students with learning opportunities that include:

- Launch, Lunch & Landing on Facebook Live
- Facebook Live Classes
- Google Classroom instruction for STEM and Humanities Content

Additionally, our goal is to provide Rocketeers with Disabilities the maximum amount of potential support during school closure so our Rocketeers can continue to make progress on IEP goals, grade level content and STEP growth!

Here are some frequently asked questions for our families as we continue to develop and expand our distance learning options for students with IEPs.

FAQs

Question	Family Support
What services are provided during distance learning?	We aim to provide the maximum extent of services outlined in a student's IEP. We will provide academic instruction and related services like speech, OT among other services outlined.
How can we obtain services?	ISE School teams and Related Service Providers are reaching out to families on an ongoing basis. Please reach out to your school's ISE team (Specialist and Paraprofessionals).
What is the focus of IEP services?	Instruction is focused on a student's IEP goals and core general education content to balance the grade level content and specific skills outlined by IEP goals.
What if my schedule changes each week?	We are flexible with instruction and want to provide distance learning as much as possible. Keep your school ISE team updated so we can adjust the schedule as needed.
My Rocketeer doesn't have a Chromebook and/or internet for distance learning.	We are working with schools and partners to provide technology access to all students. Please let your ISE Team know about your technology and internet access.
What about my upcoming IEP meeting?	We are working to reschedule and implement as many IEP meetings as are feasible and meaningful through remote participation.
What about my upcoming evaluation (initial or triennial) ?	We are working to reschedule and implement as many IEP meetings as are feasible and meaningful through remote participation.
