Grab and Go Songs – Healthy Me

Do You Brush Your Teeth?

Do You Brush Your Teeth?

© 2016 2 Learn, Play & Grow

Do You Brush Your Teeth?

To the tune of "Do Your Ears Hang Low?"

Do you brush your teeth?
Do you scrub them till they shine?
Do you floss them every day?
Do you make them feel so fine?
Do you go to the dentist,
Let him check them out?
Do you brush your teeth?

© 2016 2 Learn, Play & Grow

Extending and Fun!
Happy and Sad Teeth: Use the toothbrush on white paper and the sad tooth on manila colored paper. Have children cut out the toothbrush and the sad tooth. Talk about foods that are good/bad for your teeth (and body). Give children magazines and newspapers and have them cut out food and the toothbrush or sad tooth.

Extend learning and fun!

Happy and Sad Teeth: Use the tooth patterns, print the happy tooth on white paper and the sad tooth on manila colored paper. Have children cut out and glue on 12x18 construction paper. Talk about foods that are good/bad for your teeth (and body). Give children magazines and have them cut out food and then glue on happy or sad tooth.

You're always on the go!
Shouldn't your materials be too?

Thank You for purchasing or downloading this item from my store **2 Learn, Play and Grow!**

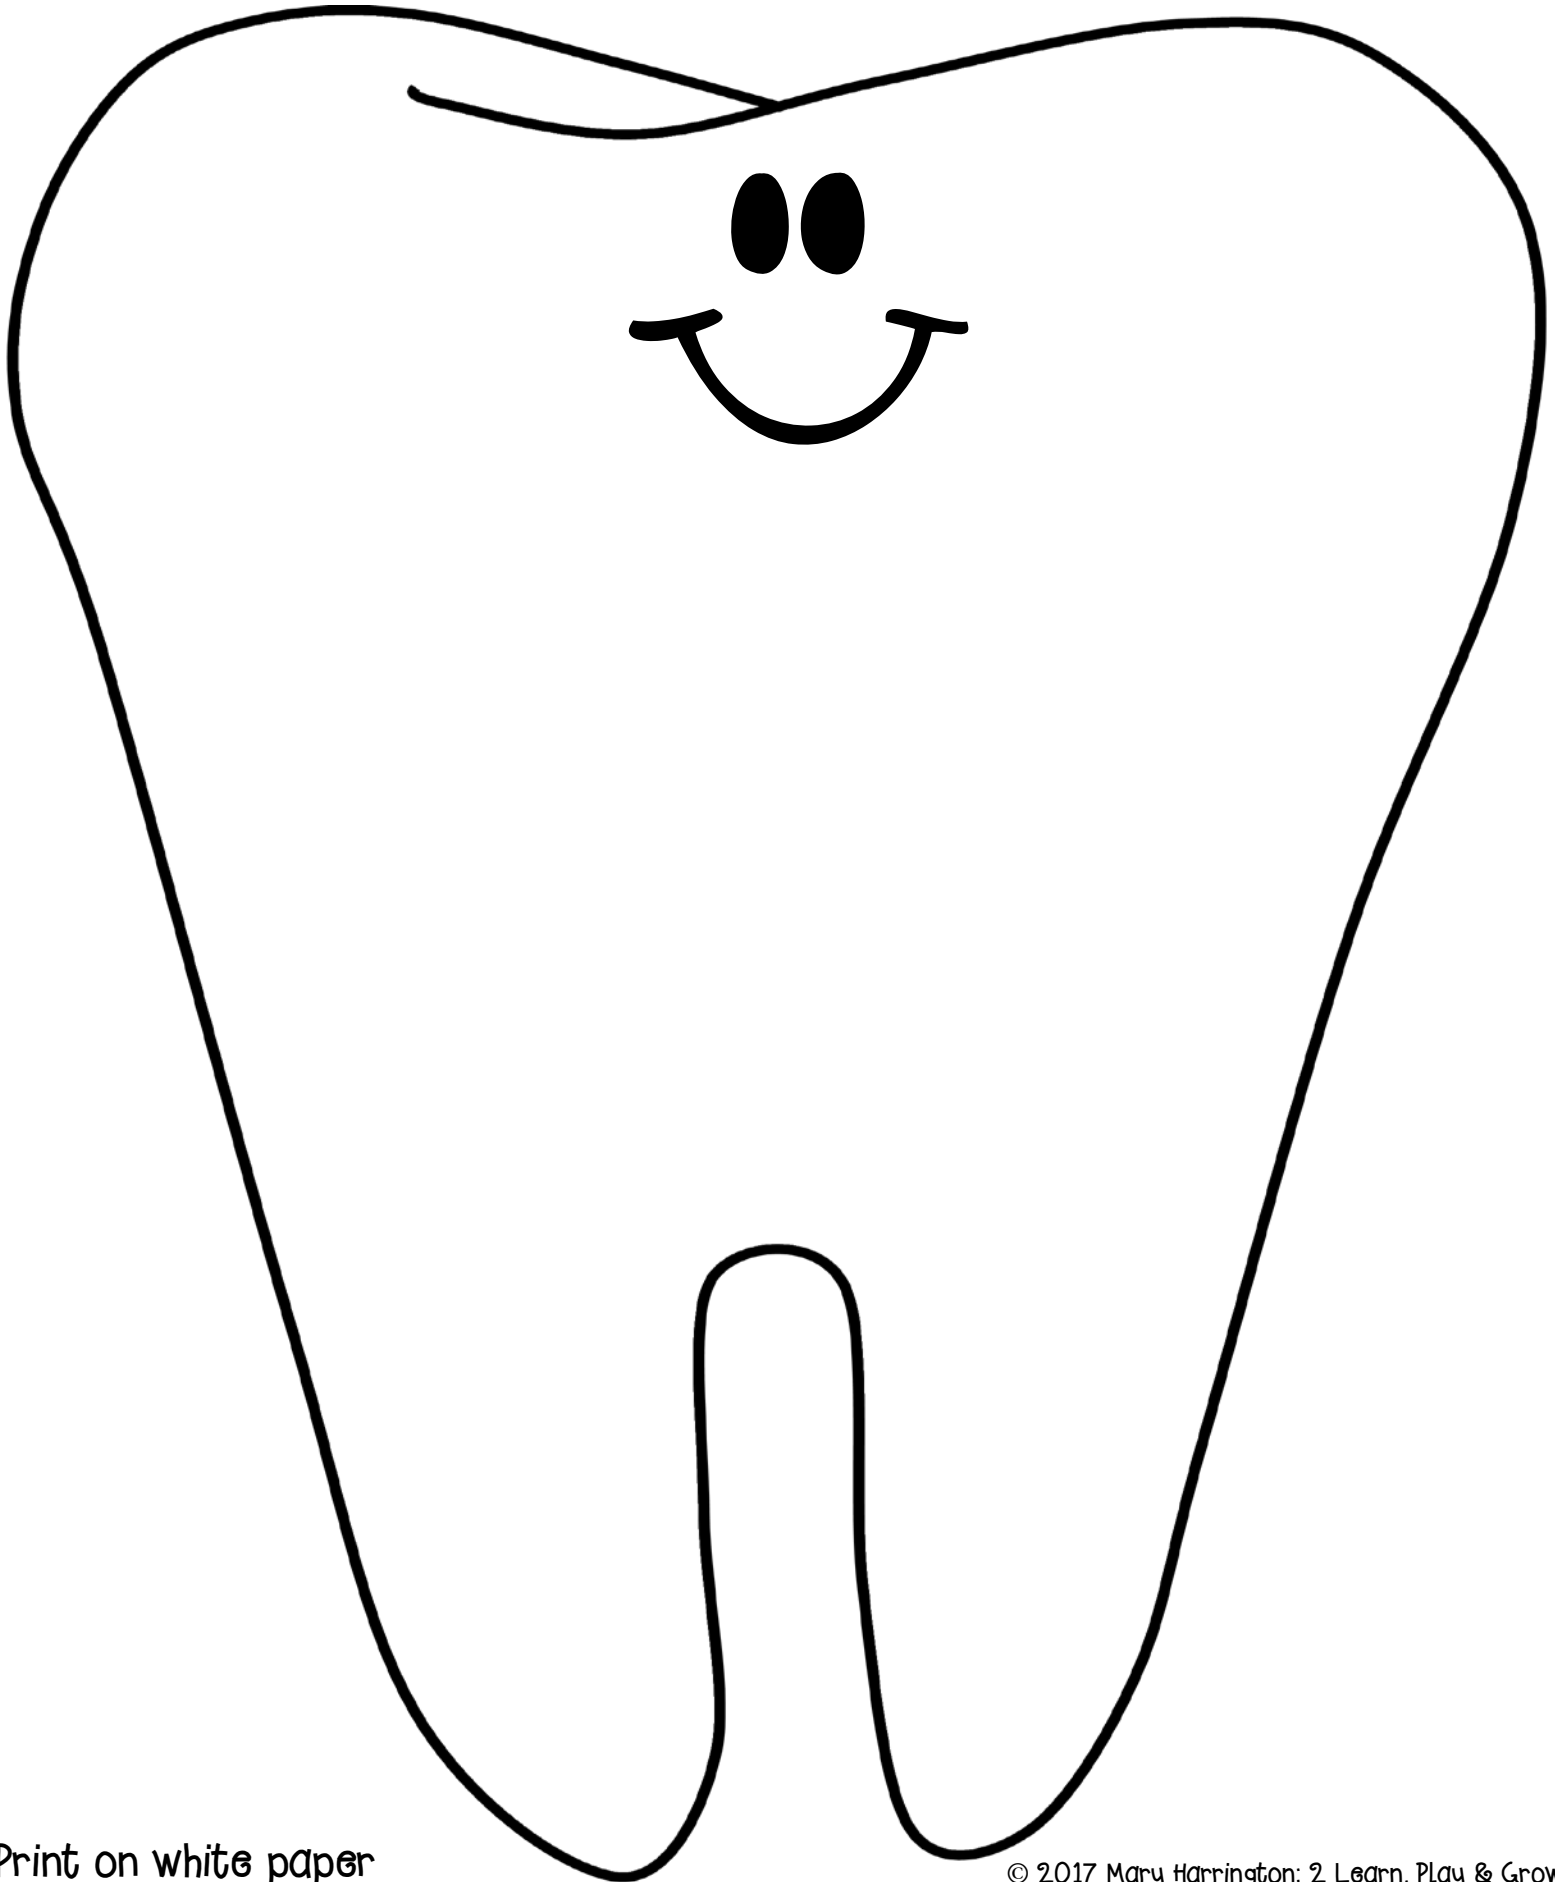

I hope you find it useful in teaching your children about good dental hygiene.

- Print the "Do You Brush Your Teeth?" song card double sided. Add it to your other "Grab and Go" songs.
- Print one "happy tooth" page on white paper for each student
- Print one "sad tooth" page on cream (or white) paper for each student.
- Print out a page of labels for every three children.
- Cut out teeth and labels and glue on 12 x 18" construction paper.
- Discuss healthy choices and provide magazines for children to cut and paste foods that make their teeth "happy" or "sad".

About the Author

I have been teaching preschool and providing quality child care since 1990. In 2000, we became Nationally Accredited by NAFCC. I feel privileged to co-teach with my sister, Missy Littlefield. We work together, brainstorming ideas, solving problems and developing curriculum and materials for our program. I have always loved creating materials for my classroom and our program. I'm still in the early stages of being a teacher-author, but it has become a passion, my "go to activity" at the end of the work day. My first sales came from my graduation programs. I can't tell you how honored and excited I am that my diplomas, graduation program, and plans are being used for such a special event.
