# Kinder Ready Workbook

**April**

## Parent Instructions

This workbook will help your student with their letter names and sounds! They will need your help to read the instructions.

When your student is writing their letters, make sure they start each letter from the top and lifting their pencil when they reach the bottom.

It can be helpful to have them trace the letter with their finger on the paper or in the air before they write, so they can practice the lines!

Students can start to practice holding their pencil with a tripod grip. This means their thumb is on the bottom and they are “pinching” the pencil with their fingers.

Thank you for your partnership in your student’s learning!

We are excited to have you with us!

## Instrucciones para los padres ;

Este libro de trabajo ayudará a su estudiante con los nombres y sonidos de las letras! Necesitarán su ayuda para leer las instrucciones.

Cuando su estudiante esté escribiendo sus letras, asegúrese de que comience cada letra desde la parte superior y levante el lápiz cuando llegue al final.

Puede ser útil que tracen la letra con el dedo en el papel o en el aire antes de escribir, ¡para que puedan practicar las líneas!

Los estudiantes pueden comenzar a practicar cómo sostener su lápiz con un trípode. Esto significa que su pulgar está en la parte inferior y están "pellizcando" el lápiz con los dedos.

*The dotted lines indicate the DIRECTION and SEQUENCE of strokes to be made on the path.*

¡Gracias por su colaboración en el aprendizaje de su estudiante!  
¡Estamos emocionados de tenerte con nosotros!
