 - Focus on the CDC's strategies to reduce transmission of COVID-19 in schools: universal and correct use of masks, physical distancing, handwashing, cleaning and maintaining healthy facilities, and contact tracing + isolation and quarantine.
 - Strongly encourage staff to be vaccinated--but not yet a requirement.
 - Vaccinations for children age 2-11 likely to be approved in September.
- **Adding several new positions at each campus to support increased student need and continuing constraints related to health and safety**
 - COVID relief funding will allow us to add roles targeting accelerating student academic growth, supporting student and family social-emotional needs, and relieving pressure due to staff isolation/quarantine.
- **Learning and continuing practices from 20-21 experience**
 - Continued regional ownership of operational approach to meet specific regional context, public health guidance, and operating constraints.
 - Extension of campus COVID Lead position through at least the first semester.

COVID Relief Priorities

“We will not go back to normal. Normal never was. Our pre-corona existence was never normal other than we normalized greed, inequity, exhaustion, depletion, extraction, disconnection, confusion, rage, hoarding, hate and lack. We should not long to return, My friends. We are being given the opportunity to stitch a new garment. One that fits all of humanity and nature.”

- Sonya Renee Taylor

“I echo those insisting we not go down an ineffective remediation path, but instead meet the moment with a combination of rigorous instruction, tutoring, mental health supports, and extra learning time”

-Elliot Haspel, EdNext

Resources & Investments to Address Unfinished Learning

COVID related funding will boost student's strong return to the classroom

Covid Funding

- We are fortunate to have **substantial Covid funding support for students, families and staff**, coming from federal and state levels ~ **\$59M** over multiple years
- **Funding is one-time and will generally expire** after ~ 2 -3years
 - Budget Projections for Covid funding: FY22 \$20M FY 23 \$17M, FY 24 \$12M

Implications

- We are making investments closely tied to our four priorities for FY21-22--strong start to school, accelerate academic achievement, establish and maintain a strong student culture, and build strong relationships with students, families, and staff.
- 80% of funds are going towards investments in compensation and staffing.

Discussion Focus: How should we approach adding significant numbers of new positions (+16%), keeping in mind this supplemental funding will sunset?

Increasing Compensation and Benefits for Returning Staff

- Prioritizing annual staff compensation increases for all roles in all regions. Outpacing FY21 increases of 2-5% on average per region.
- Ensuring that salary scales remain competitive in every region as we work to continually elevate and honor our educators and the profession of teaching.
- Rising hourly pay scales for school staff so we can both retain staff over time and bring in new staff at competitive rates.
- Fully covering benefits premium increase for 2nd year in a row (\$500/employee)

*California minimum wage increasing from \$58,240 (current) to \$62,400 as of 1/1/2022; drives salary scale change and level of increase
